Comments: I am shocked to think hat a housing development of that size and
structure might be build at that location. Not only is it unsuited in many
ways for the site, but also it is entirely too large. The impact on the
environment will be devastating and unthinkable for a town as careful as ours
has been to preserve its wildlife and natural heritage. Please do not allow
this be build at this location in Grafton. If it is possible o find an
alternative site, perhaps it will be better situated to satisfy the
requirement it represents.
